

SIXTH ANNUAL
CALIFORNIA CAPITAL AIRSHOW
MATHER AIRPORT • SEPTEMBER 10-11, 2011

OTTO THE HELICOPTER

Say Hello to Otto!

Otto the Helicopter offers a unique act that entertains the crowds by blowing bubbles, playing with his yo-yo, racing around barrels and picking them up, shooting smoke in all directions, towing banners, and more, all while interacting with the announcer. His in-the-box, low-level, choreographed performance is set to music: 1/3 dedicated to kids, 1/3 demonstrates agility and maneuverability of helicopter flight, and 1/3 is a patriotic tribute. Otto also mimics airplane aerobatics and provides variety to this year's lineup while offering VIP and Media rides, and very popular school visits.
